

# ICS INTELLIGENT COMBAT SIGHT

**STEINER**   
Nothing Escapes You

The new ICS Intelligent Combat Sight integrates a laser rangefinder and a ballistic calculator into a rugged, compact tactical weapons sight for increased accuracy, greater first-round hit probability, and shorter time of engagement.

**38 DOT OLED RETICLE**  
Automatic bullet drop compensation

## APPLICATIONS:

Standard issue Battle Sight for  
Military & Law Enforcement

- **SOPHISTICATED TARGETING TECHNOLOGY** is rugged, intuitive, and easy to use.
- **OPTIMIZED** for the 7.62x51mm battle rifle, easily set up for 5.56 mm, .300 Blackout and .300 Win Mag cartridges.
- **ONBOARD COMPUTER** accepts cartridge ballistic data for ammunition-specific targeting.
- **BUILT-IN INCLINOMETER** compensates for steep angles, high or low.
- **ILLUMINATED RETICLE** adjusts from dim to bright for daylight conditions.
- **RED DOT** indicates precise point of aim for specific cartridge and distance.
- **FULLY ADJUSTABLE** for windage and up to 120 MOA of elevation.
- **CABLE PRESSURE PAD** for quick, fingertip laser activation.
- **FIXED 6X MAGNIFICATION** for targeting at longer ranges.
- **PICATINNY BASE** on the top of the ICS allows for the mounting of an auxiliary sight for CQB operation.
- **QUICK DETACH MOUNTS** adapt to any MIL-STD 1913 rail.
- **INTEGRATED IRON SIGHTS** for battlefield redundancy.
- **WATERPROOF** and submersible to 10 meters. (33ft.)
- **POWERED** by one CR123A battery.
